

Master's Hoof Blend™

Recommended to support healthy hoof growth.

Master's Hoof Blend™ is one of the richest sources of biotin. It also supplies exceptionally strong levels of the essential amino acids Methionine and Lysine. In addition, you can count on Master's Hoof Blend for a generous supply of structural sulphur, a full array of bioavailable chelated trace minerals, vitamin B6 and a six-culture probiotic complex. Put it to work – you'll see why we say Master's Hoof Blend gets the job done right the first time!

Ingredients:

Alfalfa meal dehydrated, L-lysine, dl-methionine, sulphur, d-biotin, corn oil, calcium silicate, manganese proteinate, L-cystine, zinc proteinate, active dry yeast (*Saccharomyces cerevisiae*), natural and artificial flavourings, copper proteinate, silica, dried *Aspergillus oryzae* fermentation extract (source of enzymatic activity), sorbic acid, pyridoxine HCl, and dried fermentation products of *Lactobacillus acidophilus*, *Bifidobacterium longum*, *Bifidobacterium thermophilum*, *Enterococcus faecium* and *Bacillus subtilis*.

Feeding Instructions:

Enclosed scoop holds 1 ounce
