

**Flex Free®**

Recommended for the support of healthy joints and connective tissues.

Flex Free® is the original supplement of purified glycosaminoglycans (GAGs) for horse care. Flex Free is a concentrated blend of purified chondroitin sulfates (in the A and C forms found in the connective tissues of horses and other animals) and palatable alfalfa meal. Chondroitin sulfates are glycosaminoglycans that are produced naturally in the body of the horse.

**Ingredients:****Active Ingredients per 1 ounce:**

Chondroitin Sulfates (poultry) 1,750 mg\*

\*This is a natural product subject to slight variations in concentration. Actual levels range up to 1,850 mg chondroitin sulfates per ounce, or 29,850 mg chondroitin sulfates per pound.

**Inactive Ingredients:**

Alfalfa meal dehydrated, calcium silicate, natural and artificial flavorings, vegetable oil

**Feeding Instructions:**

Give 2 ounces (2 scoops) daily for up to 30 days. Give 1 ounce (1 scoop) daily for maintenance, or as directed by veterinarian. Increase supplementation of large breeds proportionately according to body weight in excess of 1,000 pounds. Keep in a cool, dry place. Reseal after each use.
