

Vita Flex® MSM

Recommended to support and maintain healthy joints.

Vita Flex® MSM is ultra pure methylsulfonylmethane, a naturally occurring source of bioavailable sulfur, an essential mineral for both large and small animals. MSM is a form of organic sulfur found in all living organisms and is the primary metabolite of DMSO (dimethylsulfoxide). Since 1988, horsemen and pet owners have relied on the quality and value of Vita Flex® MSM to deliver the benefits of this unique ingredient.

Ingredients:**Active Ingredient per 1/3 ounce:**

Methylsulfonylmethane (MSM) (99.8% pure) 9,430 mg

Feeding Instructions:

Enclosed scoop holds 1/3 ounce.

Horses: Give one scoop twice daily for the first 7 days. Give one scoop thereafter for daily maintenance, or as directed by veterinarian.
